BPS-150

BPS-150 is the best combination for multi-function, high efficiency and fashion design.

Big LCD display, easy to operate B4/A3 original scan, A3 document feed, B4 paper print. It is easy to satisfy various printing requirements and realize the best performance on pc-connected printing and topping printing.

Normally 1000 sheets paper-receiving capacity, even can reach 1200 (60g/m²) sheets. Paper feeding tray can heap 1200 sheets (60g/m²) at once during high-speed printing.

With 140 PPM fast printing speed, BPS-150 realize easy processing even for high-volume printing work. In addition, with multi-shift adjustment switches, BPS-150 adapt to different thickness of paper feeding.

Precise paper feeding pressure adjustment realizes excellent printing of various paper types, from 40g-210 g/m². Three shifts pressure adjustment from thin paper to thick paper enhances reliability.

Master eject capacity is easy for 50 sheets.

Innovative design of paper feeding by double rollers which is much more stable. Simultaneously feed paper to guarantee one page input only once.
