

Electric Paper Cutter

Model: E4908T

✓ High Precision Cutting

✓ Safety Protection System

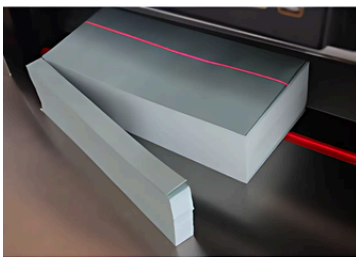

✓ Automatic Paper Clamping

✓ Durable and Heavy Duty

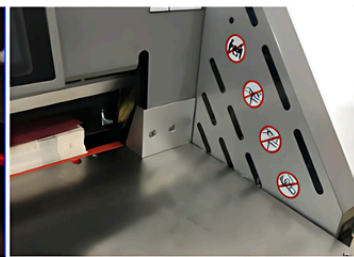

Electric Paper Cutter

Model: E4908T

The E4908T Electric Paper Cutter is a high-performance cutting machine designed for precision, efficiency, and durability. Built with high-quality steel, it offers a cutting thickness of up to 60mm, making it ideal for handling thick documents, posters, and high-volume cutting tasks. Featuring an electronic handwheel with a fine-adjustment button and variable-speed backgauge positioning, the E4908T provides smooth and accurate operation, while the externally adjustable blade depth allows for quick and convenient fine-tuning. Its low-noise cutting motor ensures a quieter working environment, and the dual-side guided paper pusher provides stable and precise paper alignment for consistently clean, accurate cuts. Its user-friendly design ensures simple operation, while the compact structure allows it to fit seamlessly into any workspace. Engineered for heavy-duty use, the E4908T guarantees clean, accurate cuts every time, making it perfect for offices, print shops, and professional environments that demand reliable and long-lasting performance.
